Request for Proposals (RFPs) can be found on <https://www.nep.uscourts.gov/treatment-services/2025>. The RFP contains the full text of all applicable Government regulations, and all offerors are subject to the provisions contained in the RFP. In responding to the RFP, you should answer each item and supply all information requested.

Section L provides specific directions for potential offerors in completing the proposal. **The offeror should fully read Section L and follow the directions set forth.** The minimum standards for the services listed are contained in the Clauses and Terms of Agreement. All proposals will be evaluated by the criterion explained in Section M. Note if you intend to subcontract any services, instructions are included in Section L the offeror should follow.

If you have any questions regarding the RFP, please submit your questions in writing to nebraskatreatmentservices@nep.uscourts.gov.

Proposals will be awarded based on initial offers submitted, and each initial offer should contain your organization's best terms from a cost and technical standpoint. There will be no additional opportunity to modify your proposal.

Please read the RFP carefully; do not rely on knowledge of previous RFPs, or knowledge or previous Federal procurement procedures. *As a reminder, the offeror must have a physical site within the catchment area (unless otherwise indicated in the RFP), which will be evaluated during an on-site visit.* Note: a catchment area may consist of multiple counties/zip codes, in which case the offeror must have a physical site within at least one of the counties/zip codes identified in that catchment area.

An offeror must be capable of providing **all** services identified in Section B, including local services identified at the end of Section C, and must have a physical site located within the geographic area identified in Section B. If the offeror is unable to provide a service identified in Section B, and does not identify/subcontract with someone to provide the service, the offeror will be technically unacceptable.

The estimated monthly quantity listed in Section B of the RFP is the estimate of the services to be provided during the terms of this agreement. **It is only an estimate.**

Although the Government may choose to enter into a Blanket Purchase Agreement with multiple offerors, the Government reserves the right to award a single offeror.

The term for this Blanket Purchase Agreement is twelve (12) months with a start date of October 1, 2024, with a provision that shall allow the Government to unilaterally extend the agreement for an additional four (4) years, at four (4) twelve (12) month intervals, at the Government's discretion.

Proposals are due by July 31, 2024, at 4:30 PM. Proposals shall be e-mailed in pdf format to Terry_Smedra@nep.uscourts.gov and Ashley_Renz@nep.uscourts.gov. All e-mail submissions must reference in the subject line, the Solicitation number indicated in Section A, Block 1 of the

Solicitation/Offer/Acceptance. Hard copies will not be accepted, unless otherwise noted. It is the responsibility of the offeror to confirm the government's receipt of the proposal.

All proposals must be signed by a representative authorized to commit the offeror to contractual obligations. Electronic signatures are accepted.

A copy of the Blanket Purchase Agreement, Clauses and Terms of Agreement, should be retained by the offeror for their files.

Sincerely,

s/Terry Smedra
Contracting Officer

SECTION B - SUPPLIES OR SERVICES AND OFFEROR'S PRICES

The United States District Court for the District of Nebraska is soliciting a vendor to provide substance use, mental health, and/or sex offender treatment services. A vendor must be capable of providing services within a geographic area encompassing Douglas and Sarpy Counties NE, and Pottawattamie County IA.

As a result of this solicitation the Government intends to enter into a Blanket Purchase Agreement (BPA). For this BPA, approximately 1 to 1 vendors are needed to provide the required services. The Government reserves the right to award to a single vendor. If the Government awards to more than one vendor, each vendor placed on the BPA will receive a share of the total quantity of Estimated Monthly Quantities stated.

A Blanket Purchase Agreement is a “charge account” arrangement, between a buyer and a seller for recurring purchases of services. BPAs are not contracts and do not obligate government funds in any way. A contract occurs upon the placement of a call or referral from the Probation/Pretrial Services Office and the vendor’s acceptance of the referral. In the event the Government has awarded to more than one vendor on a BPA, referrals will be rotated among all the vendors on the BPA. BPAs are valid for a specific period of time, not to extend beyond the current fiscal year. The total duration of this BPA, including the exercise of four 12-month options, shall not exceed 60 months. BPAs will be issued to those vendors determined to be technically acceptable and offering the lowest cost to the Government, using the Evaluation Criteria established in Section M of the Request for Proposal.

Section B is generic and used nationwide to procure the particular needs of each U. S. Probation/Pretrial Services Office. An asterisk * indicates a requirement line item which has been modified under “Local Services.” Offerors shall submit pricing and proposal information related to only the required services. Services proposed, but not required, will not be evaluated or included under any resultant agreement. Offerors failing to provide pricing on all identified project codes (with the exception of actual cost or administrative fees), will be considered technically unacceptable.

Note: the fiscal year for the federal Government begins on October 1 of one calendar year through September 30 of the next. Pricing shall include the base fiscal year, as well as pricing for each fiscal option year.

Note: Estimated Monthly Quantities (EMQs) represent the estimated total monthly quantities to be ordered per project code. However, EMQ’s are estimates only and do not bind the government to meet these estimates.

SECTION I - REQUIRED CLAUSES**I.1 Clause 7-30, Public Use of the Name of the Federal Judiciary - (JUN 2014)**

- (a) The contractor shall not refer to the judiciary, or to any court or other organizational entities existing thereunder (hereinafter referred to as "the judiciary"), in advertising, news releases, brochures, catalogs, television and radio advertising, letters of reference, web sites, or any other media used generally by the vendor in its commercial marketing initiatives, in such a way that it represents or implies that the judiciary prefers or endorses the products or services offered by the contractor. This provision will not be construed as limiting the contractor's ability to refer to the judiciary as one of its customers when providing past performance information as part of a proposal submission, as opposed to general public marketing.
- (b) No public release of information pertaining to this contract will be made without prior judiciary written approval, as appropriate, and then only with written approval of the contracting officer.

I.2 Subcontracting

Services the vendor proposes to refer to other service providers shall be considered subcontracting. The vendor (prime contractor) may subcontract the provision of treatment services to other service providers (subcontractors). After award, any proposed subcontractor arrangements or changes to the existing subcontractor arrangements are subject to the Contracting Officer's approval and shall be submitted in writing to the Contracting Officer at least 30 days in advance of the proposed subcontracting arrangement or change. The Contracting Officer will respond promptly with written approval or disapproval. The prime contractor shall not refer defendants/persons under supervision to any other vendor that has not been approved by the Contracting Officer in writing. The government reserves the right to revoke approval of any subcontractor at any time that does not meet the requirements of this contract.

The prime contractor is responsible to the judiciary for overall performance of the services required under this contract. If any services are subcontracted, the prime contractor shall ensure that the subcontractor is complying with the requirements of this contract, including the qualifications of any personnel providing services; the possession and maintenance of all appropriate state and local licenses in compliance with state and local regulations; and the appropriate documentation demonstrating compliance with all federal, state and local fire, safety and health codes. The prime contractor shall ensure that subcontractors are not debarred, suspended, or ineligible to perform under federal contracts.

A subcontractor has no contractual rights, known as privity of contract, against the judiciary. However, the subcontractor may have rights against the prime contractor.

Upon contract termination, the contractor must, except as otherwise directed by the CO, terminate all subcontracts to the extent that they relate to performance of the work terminated.

I.3. Clause 2-90D, Option to Extend the Term of the Contract - (APR 2013)

- (a) The judiciary may extend the term of this contract by written notice to the contractor no later than 30 calendar days prior to the contract's expiration date; provided that the judiciary gives the contractor a preliminary written notice of its intent to extend at least 60 calendar days before the contract expires. The preliminary notice does not commit the judiciary to an extension.
- (b) If the judiciary exercises this option, the extended contract shall be considered to include this option clause.
- (c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed 5 years.

I.4 Clause 2-90C, Option to Extend Services - (APR 2013)

The judiciary may require continued performance of any services within the limits and at the rates specified in the contract. These rates may be adjusted only as a result of revisions to prevailing labor rates provided by the Secretary of Labor. The option provision may be exercised more than once, but the total extension of performance hereunder shall not exceed 6 months. The contracting officer may exercise the option by written notice to the contractor no later than 30 calendar days prior to contract's current expiration date.

I.5 Clause 2-57 Notification and Credit Monitoring Requirements for Personal Identification Information (PII) Incidents

(a) Definitions.

Sensitive Information is any data or other information for which public disclosure, or disclosure to users who do not have a need to know to perform their jobs, can harm individuals, the U.S. government, or private organizations.

Personally Identifiable Information (PII) is information that can identify an individual, when used alone or with other relevant data. PII may contain direct identifiers (e.g., Social Security numbers) that can identify a person uniquely or quasi-identifiers (e.g., date of birth) that can be combined with other quasi-identifiers to successfully recognize an individual. The definition of PII is not anchored to any single category of information or technology.

Sensitive Personally Identifiable Information (SPII) is a subset of PII that if lost, compromised, or disclosed without authorization, could result in substantial harm, embarrassment, inconvenience, or unfairness to an individual.

Privacy Information includes both PII and SPII.

(1) Examples of stand-alone PII that are particularly sensitive include: Social Security numbers (SSNs), driver's license or State identification numbers, Alien Registration Numbers (A-numbers), financial account numbers, and biometric identifiers.

(2) Multiple pieces of information may present an increased risk of harm to the individual when combined, posing an increased risk of harm to the individual. SPII may also consist of any grouping of information that contains an individual's name or other unique identifier plus one or more of the following elements:

- (i) Truncated SSN (such as last 4 digits);
- (ii) Date of birth (month, day, and year);
- (iii) Citizenship or immigration status;
- (iv) Ethnic or religious affiliation;
- (v) Sexual orientation;
- (vi) Criminal history;
- (vii) Medical information; and
- (viii) System authentication information, such as mother's birth name, account passwords, or personal identification numbers (PINs).

(3) Other PII that may present an increased risk of harm to the individual depending on its context, such as a list of employees and their performance ratings or an unlisted home address or phone number. The context includes the purpose for which the PII was collected, maintained, and used. The same information in different contexts can reveal additional information about the impacted individual.

- (b) *Determinations.* To determine whether information exposed in an unauthorized disclosure or security breach of information under the control of the Contractor or in an information system under control of the Contractor at the time the incident is sensitive information, PII, or SPII, the Judiciary will perform an assessment of the specific risk that an individual could be identified using the exposed information with other information that is linked or linkable to the individual. In performing this assessment, it is important to recognize that information that is not PII when considered alone can become PII or SPII whenever additional information becomes available, in any medium or from any source, that would make it possible to identify an individual. Certain data elements are particularly sensitive and may alone present an increased risk of harm to the individual. Final determination of the categorization of exposed information as sensitive information, PII, or SPII shall be made in writing by the CO.
- (c) *PII and SPII Notification Requirements.* (1) No later than 5 business days after being directed by the Contracting Officer, or as otherwise required by applicable law, the Contractor shall notify any individual whose PII or SPII was either under the control of the Contractor or resided in an information system under control of the Contractor at the time the incident occurred. The method and content of any notification by the Contractor shall be coordinated with, and subject to prior written approval by, the Contracting Officer. The Contractor shall not proceed with notification unless directed in writing by the Contracting Officer.
- (d) All determinations by the Judiciary related to notifications to affected individuals and/or Federal agencies and related services (*e.g.*, credit monitoring) will be made in writing by the Contracting Officer.
- (e) Subject to government analysis of the incident and direction to the Contractor regarding any resulting notification, the notification method may consist of letters to

affected individuals sent by first-class mail, electronic means, or general public notice, as approved by the Contracting Officer. Notification may require the Contractor's use of address verification and/or address location services. At a minimum, the notification shall include:

- (1) A brief description of the incident;
 - (2) A description of the types of PII or SPII involved;
 - (3) A statement as to whether the PII or SPII was encrypted or protected by other means;
 - (4) Steps individuals may take to protect themselves;
 - (5) What the Contractor and/or the Government are doing to investigate the incident, mitigate the incident, and protect against any future incidents; and
 - (6) Information identifying who individuals may contact for additional information.
- (f) *Credit Monitoring Requirements.* The Contracting Officer may direct the Contractor to:
- (1) Provide notification to affected individuals as described in paragraph (b).
 - (2) Provide credit monitoring services to individuals whose PII or SPII was under the control of the Contractor or resided in the information system at the time of the incident for a period beginning the date of the incident and extending not less than 18 months from the date the individual is notified. Credit monitoring services shall be provided from a company with which the Contractor has no affiliation. At a minimum, credit monitoring services shall include:
 - (i) Triple credit bureau monitoring;
 - (ii) Daily customer service;
 - (iii) Alerts provided to the individual for changes and fraud; and
 - (iv) Assistance to the individual with enrollment in the services and the use of fraud alerts.
 - (3) Establish a dedicated call center. Call center services shall include:
 - (i) A dedicated telephone number to contact customer service within a fixed period;
 - (ii) Information necessary for registrants/enrollees to access credit reports and credit scores;
 - (iii) Weekly reports on call center volume, issue escalation (*i.e.*, those calls that cannot be handled by call center staff and must be resolved by call center management or DHS, as appropriate), and other key metrics;
 - (iv) Escalation of calls that cannot be handled by call center staff to call center management or AOUSC, as appropriate;

(v) Customized Frequently Asked Questions, approved in writing by the Contracting Officer in coordination with the Judiciary Breach Response Team (BRT); and

(vi) Information for registrants to contact customer service representatives and fraud resolution representatives for credit monitoring assistance.

(g) *Flow-Down Clause Requirements.* For each subcontractor whose work requires access to judiciary facilities, IT resources, or data, the contractor certifies that it has incorporated this clause in the subcontract. Any breach by a subcontractor of any of the provisions set forth in this clause will be attributed to the contractor.

This Model Sex History Disclosure Polygraph Questionnaire (“Model Policy Questionnaire”) was prepared by the American Polygraph Association’s (APA) Post Conviction Sex Offender Committee (PCSOT Committee) and approved by the APA Board of Directors on August 26, 2023. The PCSOT Committee endeavored to incorporate in this Model Policy Questionnaire the most current information and contemporary professional judgment on this issue. However, no “model” policy or “model” questionnaire can meet all the needs of any given agency, polygraph examiner, or other sex offender team member (sex offender team). While this Model Policy is provided to assist in standardizing and promoting the effectiveness of the Sexual History Exam each sex offender team operates in a unique environment of federal court rulings, state laws and court rulings, local ordinances, regulations, and administrative decisions. In addition to these considerations, the formulation of specific sex offender team policies and questionnaires should consider local political and community perspectives and customs, prerogatives and demands; divergent strategies and philosophies; and the impact of varied resource capabilities, unique circumstances of the sex offender, among other factors.

This Model Policy Questionnaire is informational and not intended as professional, legal, or other advice or as a substitute for advice from a professional or attorney. If you require professional, legal, or other advice about the subject of this Model Policy Questionnaire, you should seek the services of a professional or attorney in your jurisdiction.

The APA disclaims all liability to any party for any direct, indirect, implied, punitive, special, incidental, or other consequential damages arising directly or indirectly from any use of this Model Policy Questionnaire.

Information for Treatment and Supervision Team Members

This Model Sex History Disclosure Polygraph Questionnaire is provided to assist convicted persons, treatment providers, supervising officers and polygraph professionals to increase the standardization and effectiveness of the Sexual History Exam (SHE), as described in the APA Model Policy for Post Conviction Sex Offender Testing. The SHE is a screening polygraph used to investigate the veracity of a convicted persons' self-reported history of involvement, in uncharged or unreported sexual offense behaviors and sexual behaviors that may be indicators of sexual compulsivity, sexual pre-occupation, or sexual deviancy. The SHE should be used when a referring professional wants to investigate a convicted person's lifetime history of uncharged/unreported sexual offense behaviors. The SHE is conducted on persons convicted of sexual offenses, in the absence of any allegation or incident other than the crime of conviction or other known historical convictions. Polygraph testing via the SHE is not intended to investigate reportable crime information and should not be interpreted as deterministic or infallible. Instead, test results can be thought of as categorical conclusions based on the probabilistic strength of information or margin of uncertainty along with the stated tolerance for risk of error.

Behavioral targets should be selected in collaboration with the referring professional for their operational relevance to risk assessment, risk management and treatment planning. Target questions may include behaviors related to the selection of, access to, control or silencing of, and impact on abused persons. Target issues may also include non-contact sexual offense behaviors, as well as behaviors related to grooming, manipulation, use of violence, physical force, restraint, threats of harm, and building or exploiting relationships as a means of gaining access to others for sexual abuse. Target issues may also provide information about involvement or non-involvement in behaviors that may be indicative of sexual compulsivity or preoccupation. Although it is unrealistic to attempt to test and fully resolve every possible sex history target, or to assume that it is possible to know everything about a convicted person's entire lifetime of sexual behavior, the SHE commonly addresses a range of different target behaviors that are interpreted with an assumption of independence. In other words, the SHE is a multiple issue test, subject to the advantages and limitations of omnibus analysis. The SHE can also be conducted as a narrowly focused single-issue exam, or as a series of single-issue exams. Validated polygraph test formats can be used with two to four relevant target issues.

Examiners should familiarize themselves with the types of sexual behavior that play an important role in sex offense risk assessment and sex offense treatment. Some sexual behaviors, for example, may be indicative of sexual compulsivity or preoccupation for which the actual number of incidents, for those who admit these behaviors, may not add additional information – though such test questions may be useful with convicted persons who substantially deny any involvement in those behaviors.

Information and results from these examinations are intended to assist in risk assessment, risk management and treatment planning. The goal of these polygraph examinations is not to identify prosecutable crimes, but to obtain information about an individual's sexual attitudes and behaviors, and to help clarify whether a person has a history of acting on particular sexual interests, desires, or patterns of problematic sexual behavior. For persons who have not engaged in particular behaviors, the goal is to establish a basis of evidence to support professional conclusions to accept the veracity of the individual's statements. Information and results from these examinations should be reported only to the professional members of the supervision or treatment team unless otherwise directed by law.

Information for Examinees

Information requested in this Sex History Disclosure Polygraph Questionnaire is intended to help your treatment and supervision team members with treatment planning, risk assessment tasks, and risk management goals. Do not provide any identifying information of uncharged sexual behavior such as; dates, location, relationship, or any other information that reveals the identity of another person. Something that is “uncharged” is a behavior you have not been convicted of. Examples of this may include (but are not limited to) a sexual behavior where you plead to a non-sexually related crime, a sexual behavior that led to a violation instead of a new conviction, the sexual behavior qualified for youthful offender status, and/or deferred sentencing such as accelerated rehabilitation. However, you are requested to be truthful and honest about your history of sexual behavior patterns. The information and forms in this Sexual History document are designed to help you to be truthful and successful. Refer to the included Operational Definitions and talk to your treatment and supervision team members for information if you have any difficulty understanding the information or these instructions. Truthfulness about your sexual history may be viewed as a milestone or indicator of engagement and progress in treatment.

Directions:

1. Complete every page (every form) even if you have nothing to report. If you have nothing to report about a particular behavioral question simply state that on the form, or cross out the form, and then sign and date the form. If someone assisted you in completing each form, have them write their name at the bottom of each form.
2. **Do not** include personal identifying information for any other person. This includes:
 - a. Their name,
 - b. Relationship to you (such as identifying children, nieces, grandparents, etc.).
 - c. The exact dates of a behavior or incident,
 - d. The exact location or jurisdiction where a behavior or incident occurred, and
 - e. Other identifying information.
3. When completing the forms, please include only the information requested (i.e., age of the other person, gender of the other person, if they were related to you or not, if you knew the person more or less than 24 hours, etc.)
4. If you do not understand any information requested, you may write or indicate that on the form. Then sign and date the form.
5. If you prefer to discuss the information with your treatment provider or with your supervising officer before completing each form, or during the polygraph interview you may write or indicate that on the form. Then sign and date the form.
6. The timeframe of interest to your Sex History Polygraph is your entire lifetime. However, your treatment and/or supervision team member may provide you with individualized instruction or guidance about how to complete the Sex History Disclosure Polygraph Questionnaire which may include a different time frame.
7. Complete all of the sexual behavior forms first. Again, do not put any other person’s personal identifying information on these forms. There are four sections in the Sexual History Document: Personal Sexual History, Sexual Offense Behaviors, Non-Contact Sexual Offense Behaviors, and Viewing Nudity/Pornography/Erotica/Sexual Stimulating Image.
8. Complete the summary forms for the first 2 after you have completed the sexual behavior forms.

Please talk with your treatment and supervision team member if you have any difficulty understanding the information. You are not required to provide identifying and reportable information about unknown crimes.

Operational Definitions

From Section 6.0 of the Post Conviction Sex Offender Testing (PCSOT) Model Policy

Every behavior of concern to the multi-disciplinary supervision and treatment team is anchored by an operational definition. Experience has shown that all of these behaviors can be discussed without disclosing personally identifiable or reportable information.

- A. **Physical sexual contact:** refers to rubbing or touching another person's sexual organs (i.e., breasts, buttocks, genitalia) whether over or under clothing, for the purpose of sexual arousal, sexual gratification, sexual stimulation or sexual "curiosity." This includes having, allowing, or causing another person to rub or touch one's own sexual organs, whether over or under clothing. This does not include medical care with adults or children, or parental contact with children's private areas in the form of diapering, wiping, bathing, dressing, or changing, unless done for the purpose of sexual arousal or stimulation.
- B. **Non-contact sexual behavior:** refers to sexual behaviors such as exhibitionism, voyeurism, public masturbation, child pornography, or other sexual behaviors that are unlawful but do not involve physical contact.
- C. **Sexual contact:** any form of contact with an individual for the purpose of sexual arousal, sexual gratification, sexual stimulation or sexual "curiosity."
- D. **Force (real or implied violence):** any form of real or implied violence, including for sexual arousal, physical restraint to prevent a victim from leaving, escaping, or moving away from the assault, or threats of harm to a victim's family members or pets. Force/restraint may also include alcohol or drug use in a manner that deprives a person of an ability to consent.
- E. **Coercion (non-violent):** any non-violent means to gain compliance of a victim who expresses his or her reluctance to comply (e.g., bribery, threats to embarrass or end a relationship, etc.). Coercion may also include using or providing alcohol or drugs in a manner that influences a person's thoughts, choices and behavior in ways that would differ from those when not under the influence.
- F. **Grooming (child grooming):** any means of building trust or exploiting a relationship; this could include befriending family members to gain access to a child which could allow the victim to surmise a perception of complicity, this also applies to internet-based behaviors.
- G. **Manipulation:** any means of trickery to gain the compliance of a victim who is unaware of the sexual motives of the offender (e.g., wrestling, horseplay, tickling and similar behaviors).
- H. **Relative (family member):** any person related by blood, marriage, or adoption, or where a relationship has a legal status. Also include persons for whom there was the appearance of a family relationship (e.g., dating or live-in relationship with the person(s) natural, step or adoptive parent).
- I. **Minor, child, youth, and underage person:** includes any person defined by local laws and legislature as being below the age of consent to engage in sexual behavior.
- J. **Incidental contact:** refers to any brief, unanticipated or unplanned contact, greeting (e.g., waving, or smiling), interaction (i.e., verbal), or incidental physical contact (e.g., shaking hands, hugging, patting the head, bumping into, exchanging money or merchandise, etc.).
- K. **Physical contact:** includes shaking hands, hugging, patting the back or head, bumping into, exchanging money or merchandise along with other forms of physical contact including sitting on one's lap, holding, wrestling or athletic activities, etc.

- L. **Unapproved contact with minors:** any contact or activity with minors that goes against the examinee's agreement with treatment, probation, or parole (whether state or federal). This may include a variety of restricted behaviors that vary for individuals, including being alone with a minor, non-sexual physical contact, and/or other interactions.
- M. **Alone/unsupervised contact with minors:** interaction, activity or contact with minors in any context which takes place in the absence of someone approved by treatment and/or supervision to supervise this contact.
- N. **Approved Supervisor:** an individual who the supervision and/or treatment team has agreed can supervise contact between the examinee and a minor.
- O. **Pornography:** the explicit depiction of sexual subject matter for the purpose of sexually arousing the viewer, sometimes referred to as X-rated or XXX material, though there is no formal rating system.
- P. **Child Sexually Explicit Material (CSEM)/Indecent Images of Children (IIOC):** any visual depiction of sexually explicit conduct involving a minor (someone under 18). May include videos, digital or computer-generated images indistinguishable from an actual minor, and images created, adapted, or modified, but appear to depict an identifiable, actual minor. Undeveloped film or videotape, and electronically stored data that can be converted into a visual image. (USCC.Gov, 2021)
- Q. **Sexually stimulating materials/erotica:** the use of sexually arousing imagery, especially for masturbation purposes.
- R. **Sexual thought:** thoughts or patterns of thoughts, often in the form of mental imagery with the goal of creating or enhancing sexual arousal or sexual feelings.
- S. **Sexual Fantasy/Erotic fantasy:** can be a developed or spontaneous story, or a short mental flash of sexual imagery. This differs from a sexual thought by length and narrative complexity. Short sexual thoughts often lead into a sexual fantasy.
- T. **Masturbation:** refers to sexual stimulation of one's genitals, often, though not always, to the point of orgasm. Stimulation can be over or under clothing, either manually or through other types of bodily contact, through the use of objects or devices, or through a combination of these methods. Although masturbation with a partner is not uncommon, masturbation for the purpose of this Model Policy refers to self-masturbation.

Additional Definitions (not included in the PCSOT Model Policy)

- A. **Use of technology for sexual purposes:** refers to smart-phones, tablets, computers, gaming devices, smart TVs, computers and other electronic devices that were used for sexual purposes including masturbation or contacting/interacting with other persons for sexual purposes.
- B. **Uncharged Sexual Behavior:** refers to behavior you have not been convicted of. Examples of this may include (but are not limited to) a sexual behavior where you plead to a non-sexually related crime, a sexual behavior that led to a violation instead of a new conviction, the sexual behavior qualified for youthful offender status, and/or deferred sentencing such as accelerated rehabilitation.

SECTION L - INSTRUCTIONS, CONDITIONS, AND NOTICE TO OFFERORS

L.1. GENERAL INSTRUCTIONS FOR PROPOSALS

Request for Proposals

This Request for Proposal consists of Sections A through M.

Section A - Solicitation/Offer/Acceptance Form, AO 367

In Section A, page 1 is the **Solicitation/Offer/Acceptance**. The Offeror must fill out the following blocks on the form:

- (1) Block 8, as instructed on the form.
- (2) Block 10, acknowledgment of amendments.
- (3) Block 11, name and address of Offeror.
- (4) Block 12, telephone number.
- (5) Block 13, name and title of person authorized to sign the offer.
- (6) Block 14, signature of Offeror (this shall be signed by a representative authorized to commit the Offeror to contractual obligations. Signature can be electronic or physical.).
- (7) Block 15, date signed.

Section B - Submission of Prices

(1) Services

The Offeror must provide a price for each identified project code (with the exception of actual cost or administrative fees).

(2) Prices

The prices submitted must reflect the requirements of the Statement of Work for each project code requested as well as all terms and conditions of the contract that relate to that service item. Note: the fiscal year for the federal Government begins on October 1 of one calendar year through September 30 of the next. Pricing shall include the base fiscal year, as well as pricing for each fiscal option year.

(3) **Acceptable Responses**

(a) **Unit Price**

Sliding price scales will not be accepted by the Government. The price will reflect the unit as defined in Section B and the Statement of Work for each project code.

(b) **"N/C" = No Charge**

For any item that the Offeror will provide without charge or without additional charge, the Offeror shall insert "N/C" in the Unit Price column of Section B.

(c) **Subcontracting**

For project codes the Offeror will be subcontracting, the Offeror shall insert the letter "S" following the price inserted in the Unit Price column. Subcontracting includes all services outsourced in order to fulfill the requirements of the agreement.

(d) **Prices and "No Shows"**

The Judiciary does not reimburse vendors for defendant/person under supervision no-shows. When formulating pricing for services, the Offeror should consider incorporating the cost of "No-shows" into the proposed unit price. A "No-show" occurs when a defendant/person under supervision does not report for scheduled services and/or does not cancel with at least 24 hours advance notice.

(4) **Estimated Monthly Quantity**

The figures provided in the Estimated Monthly Quantity column of Section B are estimates of the frequency that the services will be required. Estimated Monthly Quantities are based on the specific unit indicated within the project code. (For example, if one unit is equal to thirty minutes at a unit rate of \$10, but the service provided is ninety minutes, that would equate to three units of the service for a total cost of \$30. Within Section B, the Offeror shall include the pricing based on the unit indicated). *These figures are estimates only and the government is not bound to meet these estimates.* Note that if the government awards to multiple Offerors, the Estimated Monthly Quantities would be spread amongst the multiple Offerors; however, the government is not required to award to multiple Offerors, even if indicated in Section B. An Offeror should be prepared to provide the full amount of Estimated Monthly Quantities reflected. If the Offeror is unable to provide the full amount of Estimated Monthly Quantities, the Offeror must expressly state this within its proposal and provide the reasoning behind it, as well as indicate the volume of services the Offeror would be capable of providing.

Proposal Submission

Proposals are due by the Date and Time specified in Section A Block 6 of the Solicitation/Offer/Acceptance. *Proposals shall be e-mailed to the person designated in Block 4 and/or 5 of Section A, Solicitation/Offer/Acceptance.* All e-mail submissions must reference in the subject line, the Solicitation # indicated in Section A, Block 1 of the Solicitation/Offer/Acceptance.  - (ii) (A) Any offer, modification, or revision received at the judiciary office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the contracting officer determines it's in the judiciary's best interest, the contracting officer determines that accepting the late offer would not unduly delay the procurement, and:

- (e) *Restriction on disclosure and use of data* Offerors that include in their offers data that they do not want disclosed to the public for any purpose, or used by the judiciary except for evaluation purposes, shall:

- (1) mark the title page with the following legend:

This offer includes data that shall not be disclosed outside the judiciary and shall not be duplicated, used, or disclosed-in whole or in part-for any purpose other than to evaluate this offer. If, however, a contract is awarded to this Offeror as a result of-or in connection with-the submission of this data, the judiciary shall have the right to duplicate, use, or disclose the data to the extent provided in the resulting contract. This restriction does not limit the judiciary's right to use information contained in this data if it is obtained from another source without restriction. The data subject to this restriction are contained in sheets [*insert numbers or other identification of sheets*]; and

- (2) mark each sheet of data it wishes to restrict with the following legend:

Use or disclosure of data contained on this sheet is subject to the restriction on the title page of this offer.

(f) *Contract award*

- (1) The judiciary intends to award a contract or contracts resulting from this solicitation to the responsible Offeror(s) whose offer(s) represents the best value after evaluation in accordance with the factors and subfactors in the solicitation.
- (2) The judiciary may reject any or all offers if such action is in the judiciary's interest.
- (3) The judiciary may waive informalities and minor irregularities in offers received.
- (4) The judiciary intends to evaluate offers and award a contract without discussions with Offerors (except clarifications). Therefore, the offeror's initial offer shall contain the Offeror's best terms from a price or price and technical standpoint. The judiciary reserves the right to conduct discussions if the contracting officer later determines them to be necessary. If the contracting officer determines that the number of offers that would otherwise be in the competitive range exceeds the number at which an efficient competition can be conducted, the contracting officer may limit the number of offers in the competitive range to the greatest number that will permit an efficient competition among the most highly rated offers.
- (5) The judiciary reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit price or prices offered, unless the Offeror specifies otherwise in the offer.
- (6) The judiciary reserves the right to make multiple awards if, after considering the additional administrative prices, it is in the judiciary's best interest to do so.
- (7) Exchanges with Offerors after receipt of an offer do not constitute a rejection or counteroffer by the judiciary.
- (8) The judiciary may determine that an offer is unacceptable if the prices proposed are materially unbalanced between line items or sub-line items. Unbalanced pricing exists when, despite an acceptable total evaluated price, the price of one or more contract line items is significantly overstated or understated as indicated by the application of price or price analysis techniques. An offer may be rejected if the contracting officer determines that the lack of balance poses an unacceptable risk to the judiciary.
- (9) If a price realism analysis is performed, price realism may be considered by the source selection authority in evaluating performance or schedule risk.
- (10) A written award or acceptance of offer mailed or otherwise furnished to the successful Offeror within the time specified in the offer shall result in a binding contract without further action by either party.
- (11) The judiciary may disclose the following information in post-award debriefings to other Offerors:
 - (i) the Overall evaluated price or price and technical rating of the successful Offeror;

- (ii) the overall ranking of all Offerors, when any ranking was developed by the judiciary during source selection;
- (iii) a summary of the rationale for award; and
- (iv) for procurements of commercial items, the make and model of the item to be delivered by the successful Offeror.

Multiply that figure by the unit Price offered to arrive at the Total Evaluated Price for that project code. Yearly prices of project codes are totaled to arrive at Total Evaluated Price for each offeror.
- (b) Project codes that are offered at "N/C" or No Charge, will be evaluated in the Life of Agreement comparison by entering \$0.00 for the unit price.
- (c) Project codes that are reimbursable at actual prices or at a travel regulation rate are not considered in the price comparison.

M.5 Provision 2-85A Evaluation Inclusive of Options (JAN 2003)
